PLEDGE TO TAKE ACTION
I MAKE THIS PLEDGE TO HONOR THE FOLLOWING PEOPLE IN MY LIFE

______________________________
______________________________

Because I know sexual assault, stalking, abduction, derogatory terms, physical assault, drunk driving, and stalking will impact the lives of those I love and the lives of those others love, and;

Because I know reducing the number of victims requires a broad social change, and;

Because I know I am a part of establishing what is acceptable in our community, and;

Because I know others will observe my choices and follow my lead,

I PLEDGE TO:

• NOT be a bystander;

• Find a way to intervene in any situation that feels potentially high risk for violence;

• Regularly and visibly endorse the values of safety, victims support and intolerance of all forms of violence and derogatory bias interactions;

• Change anything I may be doing that contributes to violence or oppression;

• Support and encourage the people in my life to take responsibility for ending all forms of violence and derogatory bias;

• Believe and support people who have experienced any form of violence.
